CPLP is unique in its focus on intellectual property litigation that infuses every aspect of its IP work in prosecution of patents, trademarks, and copyrights; in drafting opinions and licenses; and in due diligence and transaction work. It is CPLP's philosophy that no legal activity is so routine that it does not have the potential to become the weak link in IP protection, resulting in legal exposure or porous rights. Hence, the firm views all IP matters as potential litigations to be won or avoided and is positioned to provide world-class litigation services, as well as other highly skilled IP services to achieve wraparound IP protection at the highest level.
